Ray Wheatley, president of the amarillo Bank and Trust Co., brief expressed himself upon the sub-

it is my bellef that banking and mercial conditions generally will be invorably advanced under the are currency bill, as the provision of the act when properly applied will obviate financial calamity, at

the same time will not necessarily

create inflation. Press reports and

letters indicate that bankows zen erally will co-operate in making the

her as passed a successful adoption. Operating under the State law

the Amarillo Bank and Trust Compuny has not as yet decided whether

it will exercise the option of aut arthing for stock in the regional

W. H. Flaqua, president of the First National Bank, stated that he

had as yer formed no decided opin-

len as to the possible effects of the

-w law. In fact he had ugt read

the bill in its entirety or in abbrevi

alled form, as finally passed. As to the response of the national banks

throughout the country in subscrib ing to the stock of the Regional

Bonks, he thought that ninety per cent of them would do so. While

once of the smaller national banks will prefer to liquidate or change

into private or state institutions te number thus eliminated will be

more than made up by state banks

which will join with the regional stockholders. The First National all become a Regional stock sub-

The Silent Mystic Force that Helps to Make the City Greater

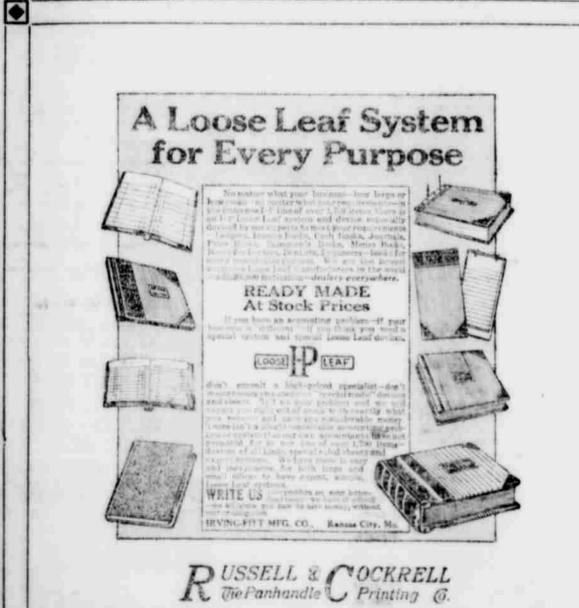

Your servant--night and day-throughout the year-at the mere turn of a switch! Whether you wish to turn the wheels of a lady's sewing machine or the wheels of a mighty factory; or, to illuminate a room in your home, Central Station is always abundantly ready to meet every emergency.

Electricity—the Servant of All

With the growth of any great metropolis, every stage of its development has witnessed a wider and more varied need for Electricity; until now, this universal servant, performs even household tasks better, quicker and at less expense than the old-fashioned
